Work Experience

Angular Developer *at Uurnik Systems*   *April 2024 --- Present (Remote)*

Delivering user-friendly, engaging web interfaces with expertise in Angular to create seamless web experiences.

- *Developed and implemented new Angular-based features upon client request, increasing user engagement and improving customer satisfaction by 20%.*
- *Collaborated closely with the back-end team to build a RESTful API, enhancing overall application performance and reducing load times by 30%.*
- *Created self-contained, reusable, and testable modules and components, resulting in a 30% reduction in development time and a 15% boost in team productivity.*
- *Actively participated in the agile software development cycle, developing microservices with Angular libraries that leverage REST APIs.*
- *Assisted the back-end team using Django, ensuring seamless integration and optimizing performance.*
- *Led a team of two junior software engineers, providing mentorship and guidance.*
- *Worked alongside the QA team to define test cases, establish metrics, and address questions related to test results.*
- *Recommended business process flow improvements and communicated problem-resolution strategies to project management.*

Projects (Developed for Uurnik Systems):

Uurnik Connect

- *Uurnik Connect provides a state-of-the-art network management and monitoring cloud-based solution.*

Front-End Engineer *at SMSAMI Inc*   *June 2023 --- April 2024*

Delivering seamless web experiences with Angular expertise:

- *Introduced new Angular-based features that boosted user engagement and improved customer satisfaction by 15%.*
- *Built a RESTful API in collaboration with back-end developers, enhancing application performance and reducing load times by 30%.*
- *Developed self-contained, reusable modules, cutting development time by 30% and increasing team productivity by 15%.*
- *Actively participated in agile development, creating microservices with Angular libraries integrated with REST APIs.*
- *Led a team of four junior developers, guiding them in the successful implementation of key features.*

Projects (Developed for SMSAMI):

E-Retail Point

- *E-Retail Point provides a state-of-the-art, cloud-based point-of-sale solution for retail, restaurant, and pharmacy businesses.*

Fly-Away Hub

- *Flyaway Hub is a cloud-based Management Information System (MIS), flexibly designed to meet the demanding needs of the aviation industry.*

Angular Developer *at WellAme Ltd*   *June 2022 --- May 2023*

Crafted user-friendly web interfaces with Angular expertise for seamless user experiences:

- *Implemented interactive, user-facing features with Angular, ensuring a smooth, scalable, and efficient user experience.*
- *Utilized effective debugging tools to identify performance issues, improving client-side scripts by 25%.*
- *Established a standardized coding style, reducing redundant work and boosting developer performance by 10%.*

Projects (Developed for Welltime Ltd):

IntelligentForms

- *A next-generation paperless system for the UK dental industry to capture patient health history and concerns.*

Education

Master of Science in Computer Science   *2023 - 2024*

Institue of management and sciences, Peshawar

Bachelors of Science in Computer Systems Engineering   *2018 - 2022*

University of Engineering and Technology, Peshawar

Certifications

HTML,CSS AND JavaScript:The Complete Web Developer   *Udemy*

JavaScript Essential   *Udemy*

Angular-The Complete Guide   *Udemy*

Reactive Angular Course with RxJs   *Udemy*

The Complete Node Js Developer Course   *Udemy*

Creating a REST API with Django   *Academind*

Fellowship Experience

AMAL ACADEMY   Lahore, Pakistan

Education startup funded by Stanford University that teaches professional skills to students and corporations.

- ***Communication***: *Selected from over 4,500 applicants for an intensive 3-month fellowship funded by Stanford University and PepsiCo Pakistan.*
- ***Skills Development***: *Investing 150 hours to develop communication, leadership, problem-solving, and teamwork skills.*

Skills

- *Angular*
- *HTML*
- *CSS (SCSS)*
- *Tailwind CSS*
- *NgXs (State Management Library)*
- *Angular Material*
- *Angular Custom*
- *AG-Grid*
- *Libraries*

- *Django*
- *Git/ AWS Code commit*
- *REST APIs*
- *BootStrap*
- *Service Workers*
- *Micro-Frontend*
- *RxJS*
- *Docker*

Hobbies

- *Chess*
- *Esports*

- *Fantsy television series*
